Dear Mr. Mocek,

As for your March, 2013 request for "associated metadata and revision history," we have reviewed our available information and determined that we do have responsive material for metadata and revision history. There are 5,000 to 10,000 revisions that can be provided. The data looks like this:

To create the revision/metadata log, data will need to be extracted to a file and redacted for entries that are exempt under the RCWs previously cited. This material can be compiled by June 1, 2013 and the cost to the County will be approximately \$1,250. Before the County incurs that expense, I wanted to check with you for clarification whether you do want this material. Please reply in writing by April 12, 2013. Thank you.

Sincerely,

A handwritten signature in cursive script that reads "Susan Campbell". The ink is dark and the signature is fluid, with a large initial 'S' and a long, sweeping 'C'.
